

Monkeypox ECHO Series

REGISTER FOR THIS NO-COST, CME-ELIGIBLE EDUCATIONAL SERIES

The monkeypox outbreak has been declared a public health emergency. Providing accurate information about the spread, symptoms and treatment of this disease is vital for community health. That is why Project ECHO (Extension for Community Healthcare Outcomes) at Penn State College of Medicine is launching a learning network focused on providing clinical guidance and considerations to healthcare providers so that they are best prepared to meet the needs of their patients.

This network aims to connect a multi-disciplinary team of specialists with community providers across the Commonwealth and beyond. Together, they will discuss de-identified patient cases located in the CDC repository to review recommendations and considerations for care.

Register for this series at: <https://redcap.link/monkeypox>

Series Schedule

Sessions will take place from 12-1 p.m. EST on the following dates:

Aug. 24, 2022	Sep. 21, 2022	Oct. 19, 2022
Sep. 7, 2022	Oct. 5, 2022	

This no-cost CME-eligible ECHO series will cover topics such as:

- Monkeypox Overview
- Treatment & Vaccination
- Testing & Quarantine
- Risk Factors & Stigma
- Endemic Risk
- Infection Control

"All Teach, All Learn"

The Project ECHO model of continuing education leverages the power of all participants learning and sharing together. ECHO sessions consist of a group discussion on de-identified patient cases submitted by participants followed by a brief flash talk with Q&A. As such, it is a guided, virtual learning community aimed at supporting healthcare providers in providing care to patients.

PARTICIPATING IS FREE, SIMPLE AND VIRTUAL.

- Register for the series at no cost, and get reminders for upcoming sessions.
- Join sessions using the Zoom video conferencing platform with links that are emailed to you.
- No need to travel. Participation takes just one hour of your work day.

BENEFITS FROM PARTICIPATION

- A learning community of providers like you.
- Short presentations from subject matter experts.
- Suggestions on managing your most complex patients.
- Free continuing education credits you can use to maintain your certifications.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Penn State College of Medicine and Project ECHO. Project ECHO® is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Project ECHO® designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

What to Expect

- Experts dedicated to sharing knowledge with you and learning from you
- A welcoming atmosphere where people feel comfortable participating
- Responsiveness to your feedback on evaluations
- Respect for your experiences, skills and time
- Increased knowledge

Project ECHO

Project ECHO (Extension for Community Healthcare Outcomes) is an internationally-recognized, evidence-based approach to continuing education and tele-mentoring that leverages the power of sharing knowledge across miles and across disciplines. Project ECHO started at Penn State College of Medicine in 2018 and aims to improve health outcomes and access to care within and beyond Pennsylvania.
